Pick up your one complimentary Summer Reading bag at our Library Shops while supplies last!

## GREEN TIPS

1. Instead of buying books, CDs, DVDs and even magazines that you barely use and end up in landfills, check materials out at your library.
2. Plastic bags cause over 100,000 sea turtle and other marine animal deaths every year. Furthermore, plastic bags don't biodegrade, they photodegrade - breaking down into smaller and smaller toxic bits contaminating soil and waterways. Consider purchasing reusable bags like those you can buy for just \$2 at our Library Shop.
3. Disposable paper coffee cups aren't made from recycled paper. Instead, most cups are manufactured using 100% bleached virgin paperboard. Reusable coffee cups - like those you can purchase for \$5 at the Library Shop - reduce the impact disposable cups have on our environment.

## BOOK EXCHANGE!

July 29 / 3-5 pm / Mustang  
July 30 / 6-8 pm / Civic Center

Bring in your books to exchange with other readers! Any unclaimed books will be donated to our Library Shops.

Clean off your shelves and do something good for your Library at the same time!
